

CADDY T'S

Designed by Maison Sarah Lavoine for Cider Edition

STORAGE | INDIVIDUAL MOBILE LOCKER

The Caddy T's is the essential storage furniture for flex office spaces that advocate the "clean desk". Mobile with its wheels and handle, the design of the T's caddy is both functional and aesthetic. A practical office accessory, which allows employees to store their belongings neatly. But above all, it is a mobile locker that can be easily moved around, giving the user a personal space wherever and whenever he wants it. A lock for added security and a document holder complete the package.

CADDY T'S

Designed by Maison Sarah Lavoine

TECHNICAL DESCRIPTION

1 - Structure

Made of particle board, high resistance melamine, 18 mm thick and a density of +/- 770 kg/m³

2 - Reinforcement

The rear corners of the caddy are assembled at a 45° angle and incorporate a slightly protruding metal strip, protecting the furniture against impact

3 - Rear handle

Rear handle in metal tube, 3 cm in diameter, for a perfect grip. Also acts as a clothes hanger.

4 - Drawer handle

Folded metal sheet handle

5 - Document holder

Side document holder made of folded metal, screwed to the side of the cabinet

6 - Castors

Castors with integrated micro bead system for easy rolling

DEPTH OF RANGE

Individual mobile locker

Depth	4520 mm	–
Height	1060 mm	–
Weight	40 Kg	–
Package volume m ³	0,43 m ³	–

PRODUCT CERTIFICATIONS

- FSC & CARB tray
- Indoor air emission quality A+ (ISO 16000)
- CFC free

FINISHES

• TRAY

METAL

- DRAWER/DOCUMENT HOLDER

METAL

- ROLLERS

METAL

MAINTENANCE

• MELAMINE & WOOD SURFACE

For ordinary cleaning, use a soft cloth moistened with warm water or non-aggressive detergents, or a mixture of 95% water and 5% denatured alcohol. Follow the grain of the wood. Test a hidden area beforehand. Avoid strong detergents, solvents and stain removers.

• METAL

Clean with a microfibre cloth soaked in neutral soap or neutral cleaners diluted in water. For varnished products, avoid cleaners containing alcohol, granular cleaners and solvents in general. For other finishes, the use of a specially formulated metal cleaner is recommended.

GUARANTEE

- 5 year warranty
- 10-year manufacturing life

ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC & CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- Songs with A and E1 classification

ENVIRONMENTAL STATEMENT

• Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

• Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluousness for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the guarantees of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

• Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
