

CURL

Designed by Fred Rieffel for Cider Edition

SEAT CHAIR

The Curl chair offers a balance between simplicity, accuracy and generosity. With its open character, this armchair will adapt to the uses of more tertiary spaces, bringing a dose of conviviality to conversations. Curl does not hide anything, its metal structure that wraps around the back and armrests also reveals the seat. The backrest simply rests on the slim, aesthetic metal base. Every element is visible. The low profile, the generous dimensions, the thick and spacious seat, the enveloping wall: everything inspires confidence! Alone, Curl is a refuge where you can curl up comfortably. With several people, it creates a serene space for waiting or meeting. Take a seat!

CURL

Designed by Fred Rieffel

TECHNICAL DESCRIPTION

1 - Structure

Structure made of welded metal tubes, 22 mm in diameter. The rounded metal frame in black epoxy paint underlines the entire seat.

4 - Coating

Single-colour elastic fabric.

2 - Sitting

The seat is made of high density Bultex foam on a birch wood frame with elastic fabric strips.

3 - File

The arch-shaped backrest is made of flexible cold-moulded polyurethane with a metal insert to solidify the structure.

DEPTH OF RANGE

Armchair

INFORMATION

Reference	CRL_1P	—
Length	908 mm	—
Depth	842 mm	—
Height	740 mm	—
Seat height	420 mm	—
Fabrics required (in metres)	3,80 m	—
Weight	43 Kg	—
Package volume m³	0,60 m ³	—

PRODUCT CERTIFICATIONS

- FSC & CARB wood
- Indoor air emission quality A+ (ISO 16000)
- CFC free
- GREENGUARD certified fabric

FINISHES

• STRUCTURE

METAL

RAL 9005

• SEAT COVER

FABRIC

• CAT 1
[GABRIEL](#) - cura, chili, felicity, go check, go couture, rondo, step melange, tonal, bond

[GABRIEL](#) - contour, tempt, swing, crisp, mood, morph

• CAT 3
[GABRIEL](#) - breeze, fusion
[ROHI](#) - mica, sera, credo

• CAT 4
[RUBELLI](#) - fab, thirty, peru, dick tracy, martora, embroidery, coriandolo s, almore
[KVADRAT](#) - uniform, blend

- BACKREST COVER

FABRIC

• CAT 1
[GABRIEL](#) - contour
[FIDIVI](#) - one
[ROHI](#) - mica, sera, credo, opera
[KVADRAT](#) - uniform, mixture

MAINTENANCE

• FABRIC

To maintain the fabric, regularly remove dust and lint with a Hoover. If a stain occurs, wipe the fabric immediately with an absorbent, lint-free sponge or cloth. Rub the stain with a damp cloth soaked in ordinary household distilled water to prevent water spots from forming on dark fabrics after drying. Test a hidden area beforehand.

For stubborn stains: lightly brush the stains with a soft, dry brush.

• METAL

Clean with a microfibre cloth soaked in neutral soap or neutral cleaners diluted in water. For varnished products, avoid cleaners containing alcohol, granular cleaners and solvents in general. For other finishes, the use of a specially formulated metal cleaner is recommended.

GUARANTEE

- Product guaranteed for 2 years
- Manufacturing life 5 years

ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC, CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard/Blue Angel / Oeko Tex / Cradle to Cradle certified depending on the choice of finish.

ENVIRONMENTAL STATEMENT

• Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

• Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluosity for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the pledges of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

• Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
