

# EELO

Designed by AdriAn Blanc for Cider Edition

## SEAT I SOFA / B E N C H

Eelo is a modular and adaptable system created by designer AdriAn Blanc to meet the multiple needs of work spaces in a user-friendly way. A haven of hospitality, Eelo is designed as a construction set, where each company can combine different elements according to its needs. A meridian bench? A corner chair? A presentation table? All these options can be attached to the black lacquered wooden base and can evolve over time, adapting to all of today's office environments.

# EELOO

Designed by AdriAn Blanc

## TECHNICAL DESCRIPTION

### 1 - Structure

The structure is composed of a metal frame reinforced by two internal crosspieces to which are attached four conical metal legs covered with black epoxy powder paint. The structure is completed with metal brackets for screwing on the backrest.

On this structure rests an exposed panel in thermo-lacquered mdf wood with 45° smooth edges.

### 4 - Accessories

A black metal shelf with black textured epoxy powder coating. The shelf is in one piece, forms an angle and is fixed by three screws in metal inserts on the back of the structure

### 2 - Seat & backrest

The seat is made of two curved mdf wood panels, screwed together and covered on the top and sides with polyurethane foam up to 150mm thick

The backrest is made of a 14mm thick mdf wood panel and covered with 84mm thick polyurethane foam.

### 3 - Coating

The seat and backrest are fully upholstered in fabric or leather, and can be colour-coordinated.

## DEPTH OF RANGE

Bench seat

## INFORMATION

<b>Reference</b>	EEL_CAN	—
<b>Length</b>	2070 mm	—
<b>Depth</b>	800 mm	—
<b>Height</b>	1050 mm	—
<b>Fabrics required (in metres)</b>	7,8 m	—
<b>Weight</b>	80 Kg	—
<b>Package volume m<sup>3</sup></b>	2,00 m <sup>3</sup>	—

## PRODUCT CERTIFICATIONS

- FSC & CARB wood
- Indoor air emission quality A+ (ISO 16000)
- CFC free
- GREENGUARD certified fabric

# **OPTION**

## **TABLET OPTIONS**

- Side table  
The bedside table is made of black varnished slats.

# **FINISHES**

## • STRUCTURE

### METAL

Black

## • COATING

### FABRIC

- CAT 1  
[GABRIEL](#) - cura, chili, felicity, go check, go couture, rondo, step melange, tonal, bond  
[ELASTRON](#) - paris, boston, macau, ascot, seattle  
[FIDIVI](#) - torino, incas, orta, one

- CAT 2  
[FIDIVI](#) - safari, terra, corte, matera, laser j  
[GABRIEL](#) - contour, tempt, swing, crisp, mood, morph

- CAT 3  
[GABRIEL](#) - breeze, fusion  
[ROHI](#) - mica, sera, credo

- CAT 4  
[RUBELLI](#) - fab, thirty, peru, dick tracy, martora, embroidery, coriandolo s, almoro  
[KVADRAT](#) - uniform, blend

### LEATHER

- TRENDY COLORS LEATHER  
[JOLLY](#) - carmen

- LEATHER  
[DANI](#) - Florida

- EXTRA LEATHER  
[DANI](#) - nabuk  
[SORENSEN](#) - royal nubuk, dunes

# **MAINTENANCE**

## • METAL

Clean with a microfibre cloth soaked in neutral soap or neutral cleaners diluted in water. For varnished products, avoid cleaners containing alcohol, granular cleaners and solvents in general. For other finishes, the use of a specially formulated metal cleaner is recommended.

## • FABRIC

To maintain the fabric, regularly remove dust and lint with a Hoover. If a stain occurs, wipe the fabric immediately with an absorbent, lint-free sponge or cloth. Rub the stain with a damp cloth soaked in ordinary household distilled water to prevent water spots from forming on dark fabrics after drying. Test a hidden area beforehand.  
For stubborn stains: lightly brush the stains with a soft, dry brush.

## • LEATHER & IMITATION LEATHER

Do not place the leather in direct sunlight or extreme heat. Remove dust regularly with a soft cloth.  
Clean using a cleaner or milk dedicated to the maintenance of leather and imitation leather. Proceed by stroking, without rubbing or pressing too hard.  
Avoid contact with water or sharp objects. If liquid is spilled, wipe up immediately with a clean, dry cloth. NEVER use detergents, ammonia, oil or varnish. For Royal Nubuck Sorensen, avoid contact with liquids and creams

# **GUARANTEE**

- 5 year warranty
- 10-year manufacturing life

## ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC, CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard/Blue Angel / Oeko Tex / Cradle to Cradle certified depending on the choice of finish.

## ENVIRONMENTAL STATEMENT

### • Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

### • Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluosity for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the guarantees of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

### • Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
