

POOV

Designed by Valentine Thamin for Cider Edition

SEAT I POUF

Poov is a pouf designed by Valentine Thamin for Cider. This occasional seat is the perfect answer to today's requirements for nomadic and playful furniture. In today's tertiary context, professional nomadism, co-working and other flexible working practices are becoming widespread. The domestic universe is also tending to penetrate the office world, bringing comfort, comfort and fantasy. Poov is a footstool on the move that offers many advantages: a lightweight, easy-to-handle and moveable seat thanks to its practical, friendly and fun handle... An indispensable little sitting companion, which sways with the day, floating on the surface of the ground, and always ready to support an impromptu exchange between colleagues!

POOV

Designed by Valentine Thamin

TECHNICAL DESCRIPTION

1 - Structure

A 34 mm thick raw wood base rests on a first metal circle.

This is followed by a rounded cork base that forms a 25 mm thick base in the style of a tumbler.

The body is made of polystyrene, covered on its sides with a thin layer of polyurethane foam, which thickens to 42mm thick at the top to form the seat.

The whole is held together by a central metal rod of 10 mm diameter on which the elements fit. In the upper part of the body, a transverse tube and two rough wooden slats securely hold the handle.

2 - Coating

The whole thing is covered with fabric. A black rubber sheet protects the underside of the cork base.

3 - Cove

A 20mm diameter high strength twisted rope handle made of shiny polyester thread.

DEPTH OF RANGE

Pouf

INFORMATION

Reference	POO_POU	—
Length	420 mm	—
Diameter	420 mm	—
Height	460 mm	—
Weight	10 Kg	—
Package volume m ³	0,20 m ³	—

PRODUCT CERTIFICATIONS

- FSC & CARB wood
- Indoor air emission quality A+ (ISO 16000)
- CFC free
- GREENGUARD certified fabric

FINISHES

• SOCLE

Liege

• COATING

FABRIC

• CAT 1

[GABRIEL](#) - cura, chili, felicity, go check, go couture, rondo, step melange, tonal, bond
[ELASTRON](#) - paris, boston, macau, ascot, seattle
[FIDIVI](#) - torino, incas, orta, one

• CAT 2

[FIDIVI](#) - safari, terra, corte, matera, laser j
[GABRIEL](#) - contour, tempt, swing, crisp, mood, morph

• CAT 3

[GABRIEL](#) - breeze, fusion
[ROHI](#) - mica, sera, credo

• CAT 4

[RUBELLI](#) - fab, thirty, peru, dick tracy, martora, embroidery, coriandolo s, almoro
[KVADRAT](#) - uniform, blend

LEATHER

• TRENDY COLORS LEATHER

[JOLLY](#) - carmen

• LEATHER

[DANI](#) - Florida

• EXTRA LEATHER

[DANI](#) - nabuk

[SORENSEN](#) - royal nubuk, dunes

MAINTENANCE

• LEATHER & IMITATION LEATHER

Do not place the leather in direct sunlight or extreme heat. Remove dust regularly with a soft cloth.

Clean using a cleaner or milk dedicated to the maintenance of leather and imitation leather. Proceed by stroking, without rubbing or pressing too hard.

Avoid contact with water or sharp objects. If liquid is spilled, wipe up immediately with a clean, dry cloth. NEVER use detergents, ammonia, oil or varnish. For Royal Nubuck Sorensen, avoid contact with liquids and creams

• FABRIC

To maintain the fabric, regularly remove dust and lint with a Hoover. If a stain occurs, wipe the fabric immediately with an absorbent, lint-free sponge or cloth. Rub the stain with a damp cloth soaked in ordinary household distilled water to prevent water spots from forming on dark fabrics after drying. Test a hidden area beforehand.

For stubborn stains: lightly brush the stains with a soft, dry brush.

• LIÈGE

Cork is a natural and ecological material. Clean with a slightly damp cloth soaked in a little neutral soap. In the event of soiling, gently rub the soiled area with very fine-grained abrasive paper to remove the dirt/stain.

GUARANTEE

- Product guaranteed for 2 years
- Manufacturing life 5 years

ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC, CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard/Blue Angel / Oeko Tex / Cradle to Cradle certified depending on the choice of finish.

ENVIRONMENTAL STATEMENT

• Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

• Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluousness for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the guarantees of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

• Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics. The reduction and recycling of waste and packaging is a concern shared by all.
