

SCRIBE

Designed by Cider Edition

ACCESSORY | DESK P A D

The Scribe desk pad from Cider Edition is a simple and beautiful desk accessory that is both useful and certainly decorative. Pleasant to the touch and non-slip thanks to its compact polyurethane composition which makes it stable, it adapts delicately to your workstation thanks to its curved end. It is available in a range of contemporary colours to add that extra touch and to match the colours of your working environment. Practical, it is stain and scratch resistant and works with a wireless mouse.

SCRIBE

Designed by Cider Edition

TECHNICAL DESCRIPTION

1 - Structure

The desk pad is made of compact polyurethane, curved at the end to fit the edge of the desk. Pleasant to the touch, non-slip, stain and scratch resistant. It is compatible with wireless mice.

It is available in several colours

Desk pad

INFORMATION

Reference	CID/	–
Length	800 mm	–
Depth	605 mm	–
Height	5 mm	–
Weight	3 Kg	–
Package volume ^{m³}	0,02 ^{m³}	–

PRODUCT CERTIFICATIONS

- Indoor air emission quality A+ (ISO 16000)
- CFC free

FINISHES

• STRUCTURE

POLYURETHANE

en

MAINTENANCE

• POLYURETHANE

Clean with a sponge soaked in a little clay stone with a few drops of white vinegar. Rub the stained polyurethane for a long time with circular movements.

GUARANTEE

- Product guaranteed for 2 years
- Manufacturing life 5 years

ECOLOGICAL FOOTPRINT

- Italian manufacture

ENVIRONMENTAL STATEMENT

• Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

• Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluousness for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the pledges of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

• Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
