

# SKINNY

Designed by Cider Edition

**WORKSTATION I DESK / BENCH / MEETING TABLE**

The Skinny range of desks and meeting tables has been developed to meet the need for modularity and frequent rearrangement in companies.

Skinny is a very flexible range thanks to its table top which can be made in any length and shape. A simple, economical and scalable system, the flat conical legs can easily be shared to create bench or table configurations for 1 to 10 people. Skinny's innovative design gives it a long life cycle and durability, while limiting the number of structural components and therefore its environmental impact. With no tools required for assembly and disassembly, the flexibility of the layout is ensured without compromising on ergonomics and functionality.

# SKINNY

Designed by Cider

## TECHNICAL DESCRIPTION

### 1 - Tray

High resistance melamine top, 25 mm thick and with a density of +/-3% of 770kg/m<sup>3</sup>. Smooth or slightly textured melamine decor sheet, depending on the choice of finishes. Counterbalance in melamine with the same finish. 2 mm thick ABS edges as standard, finish as per table top.

### 4 - Cylinders

20 mm diameter PVC adjusting cylinders. Adjustment stroke of 13 mm

### 2 - Legs

Tapered legs in platinum epoxy steel. Equipped with metal inserts to ensure a high quality and durable fixing of the table top. No tools required for assembly and disassembly.

### 3 - Feet

The leg is fixed to the metal structure by means of metal inserts and screws in the side lintels to provide maximum rigidity to the table and ensure a quality and durable fixing of the top.

### - Structure

A metal stiffener to stiffen the whole of the offices, covered with epoxy powder paint.

## SETTINGS

Intermediate leg with the same finish, offset or turned over for bench and meeting configurations to reinforce the structure. It is staggered or turned over for user comfort.

## DEPTH OF RANGE

Individual desk

Bench 2/4/6/8 P.Meeting

table

## OPTIONS

### OPTIONS MELAMINE TOP

- Notch  
Cut-out tray for cable routing.

### ELECTRIFICATION OPTIONS

- Top access aluminium - Reunion  
Aluminium top access with slow motion tilting access for meeting stations.
- Top access wood - Office  
Wooden top access with slow motion tilting access for workstations
- Simple comfort box  
1 comfort socket + 1 USB
- Double comfort box  
1 comfort socket + 2 USB

### PANEL OPTIONS

- Silencio  
Partition screen consisting of a wooden structure covered with acoustic material and covered with fabric or leather.
- Moody  
Acoustic partition made of recycled PET foam covered with fabric.

## FINISHES

### • PLATEAU

MELAMINAT  
ED

### - PIECE

METAL

### • ACOUSTIC PANEL

FABRIC: MOODY AND

- CAT 1  
[GABRIEL](#) - cura, chili, felicity, go check, go couture, rondo, step melange, tonal, bond [ELASTRON](#) (not available for moody) paris, boston, macau, ascote, seattle

[KVADRAT](#) - uniform, blend

- Chute  
Fixed to the supporting structure and made from a 1 mm thick folded metal sheet.

- Backdrop  
Melamine backdrop.

SILENCIOCUIR: SILENCIO ONLY

- TRENDY COLORS LEATHER  
[JOLLY](#) - carmen
- LEATHER  
[DANI](#) - Florida
- EXTRA LEATHER  
[DANI](#) - nabuk  
[SORENSEN](#) - royal nubuk, dunes

## MAINTENANCE

- MELAMINE & WOOD SURFACE
- METAL

For ordinary cleaning, use a soft cloth moistened with warm water or non-aggressive detergents, or a mixture of 95% water and 5% denatured alcohol. Follow the grain of the wood. Test a hidden area beforehand. Avoid strong detergents, solvents and stain removers.

Clean with a microfibre cloth soaked in neutral soap or neutral cleaners diluted in water. For varnished products, avoid cleaners containing alcohol, granular cleaners and solvents in general. For other finishes, the use of a specially formulated metal cleaner is recommended.

## GUARANTEE

- 5 year warranty
- 10-year manufacturing life

## ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible sourcing and management of wood, 100% recyclable and FSC & CARB certified
- Steel legs and parts 100% recyclable, painted with A and E1 classification
- Songs with A and E1 classification
- Screen upholstered in Oeko Tex or Cradle to Cradle certified fabrics, depending on the choice of finishes. Optional interior in PET, made from recycled plastic bottles
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard / Blue Angel certified depending on the choice of finish.

## **ENVIRONMENTAL STATEMENT**

### • Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

### • Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluosity for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the pledges of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

### • Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
