

TEMPO

Designed by Studio Profil Bas for Cider Edition

SEAT I POUF

Refined, Tempo is a side stool with a contemporary and chic aesthetic. A safe and serene value for your spaces in motion. Tempo borrows the codes of the house through its materials and its curves. The combination of textile and brass gives it a distinguished charm, lending intimacy and cachet to the rooms in which it is used. A useful and pleasant additional seat, it is functional and comfortable thanks to its size and upholstery. It will blend in with any decor, from work spaces to the hotel world, via the home. While maintaining a reassuring presence, it is also available in a swivel version for greater mobility in places where agility and multiple uses are required.

TEMPO

Designed by Studio Profil Bas

TECHNICAL DESCRIPTION

1 - Structure

The structure is composed of a wooden base on which a disc is fixed to allow the gyratory movement.

On this disc rests an entire structure made of wood and polystyrene that creates a rounded design. The whole structure is held together by a central rod.

The upper part is made of wood and polystyrene on which a 50 mm thick foam covered with fabric is fixed.

2 - Central ring

In the centre of the structure, a golden metal ring joins the upper part.

3 - Coating

The covering is made of elastic fabric such as Kvadrat Uniform melange, Gabriel Contour or Fidivi One.

The coating can be single or two-coloured.

DEPTH OF RANGE

Pouf

INFORMATION

Reference	TEM_POU	–
Length	365 mm	–
Diameter	365 mm	–
Height	480 mm	–
Weight	7 Kg	–
Package volume m ³	0,20 m ³	–

PRODUCT CERTIFICATIONS

- FSC & CARB wood
- Indoor air emission quality A+ (ISO 16000)
- CFC free
- GREENGUARD certified fabric

FINISHES

- RING

Gold

- COATING

FABRIC

- CAT 1
[FIDIVI](#) - one

- CAT 2
[GABRIEL](#) - outline

- CAT 4
[KVADRAT](#) - uniform mix

MAINTENANCE

- FABRIC

To maintain the fabric, regularly remove dust and lint with a Hoover. If a stain occurs, wipe the fabric immediately with an absorbent, lint-free sponge or cloth. Rub the stain with a damp cloth soaked in ordinary household distilled water to prevent water spots from forming on dark fabrics after drying. Test a hidden area beforehand.

For stubborn stains: lightly brush the stains with a soft, dry brush.

GUARANTEE

- Product guaranteed for 2 years
- Manufacturing life 5 years

ECOLOGICAL FOOTPRINT

- Italian manufacture
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC, CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard/Blue Angel / Oeko Tex / Cradle to Cradle certified depending on the choice of finish.

OEKO-TEX®
INSPIRING CONFIDENCE

ENVIRONMENTAL STATEMENT

• Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

• Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluosity for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the pledges of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

• Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
