

# VALET

Designed by LeviSarha for Cider Edition

## SEAT | SOFA / A R M C H A I R

Flexibility in the office environment has never been easier than with Valet! Valet meets your needs in the design of reception and meeting areas by offering comfortable seating on castors. Easy to move, the armchairs and sofas follow your desires and instantly accompany all your layout variations. The style of this collection oscillates between domestic and tertiary. The tubular metal structure, graphic and sober, is visible. It underlines the comfort elements and accommodates various accessories on a 'plug&play' principle: shelves of different shapes and sizes, lights, etc. A range that is practical, ergonomic, comfortable, elegant and mobile!

# VALET

Designed by LeviSarha

## TECHNICAL DESCRIPTION

### 1 - Structure

Wooden frame made of birch multi-ply and rubber sheet, entirely covered with glued foam, 200 mm thick for the seat and 215 mm for the back. It rests on a black powder-coated tubular metal structure finished with castors positioned on the front of the sofa and armchair. The overall lightness of the seat allows for easy mobility. The apparent tubular steel structure on the back and sides gives a very appreciated industrial style.

### 2 - Sitting

The seat is composed of a cushion glued to the structure for the armchair, 2 for the sofas.

### 4 - Coating

Fabric or leather, two-toned or single-toned

### 3 - Seams

Flat seams are visible on the corners, saddle stitching on the edges.

### 5 - Castors

Brass castors with rubber coating. Allows mobility of the product.

## DEPTH OF RANGE

ArmchairSofa 2P.

[JOLLY](#) - carmen

- LEATHER  
[DANI](#) - Florida

- EXTRA LEATHER  
[DANI](#) - nabuk  
[SORENSEN](#) - royal nubuk, dunes

## MAINTENANCE

### • METAL

Clean with a microfibre cloth soaked in neutral soap or neutral cleaners diluted in water. For varnished products, avoid cleaners containing alcohol, granular cleaners and solvents in general. For other finishes, the use of a specially formulated metal cleaner is recommended.

### • FABRIC

To maintain the fabric, regularly remove dust and lint with a Hoover. If a stain occurs, wipe the fabric immediately with an absorbent, lint-free sponge or cloth. Rub the stain with a damp cloth soaked in ordinary household distilled water to prevent water spots from forming on dark fabrics after drying. Test a hidden area beforehand.

For stubborn stains: lightly brush the stains with a soft, dry brush.

### • LEATHER & IMITATION LEATHER

Do not place the leather in direct sunlight or extreme heat. Remove dust regularly with a soft cloth.

Clean using a cleaner or milk dedicated to the maintenance of leather and imitation leather. Proceed by stroking, without rubbing or pressing too hard.

Avoid contact with water or sharp objects. If liquid is spilled, wipe up immediately with a clean, dry cloth. NEVER use detergents, ammonia, oil or varnish. For Royal Nubuck Sorensen, avoid contact with liquids and creams.

## GUARANTEE

- Product guaranteed for 2 years
- Manufacturing life 5 years

# ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC, CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard/Blue Angel / Oeko Tex / Cradle to Cradle certified depending on the choice of finish.

# ENVIRONMENTAL STATEMENT

## • Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

## • Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluosity for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the pledges of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

## • Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
