

MILA

Designed by Cider Edition

SEAT OFFICE CHAIR

The Mila chair is a stylish addition to any meeting room. The graceful, rounded line of its seat, its elegant profile and its seating comfort combine in a perfect synthesis. Its curves make it a contemporary silhouette that is both delicate and graphic, which will fit easily into any work space. It stands on a trunk and 5 aluminium branches with self-locking castors. Its textile covering is available in a soft and delicate range of colours for even more refinement.

MILA

Designed by Cider

TECHNICAL DESCRIPTION

Internal structure

Steel hull structure, entirely cold-moulded in dimensionally stable polyurethane foam, with a density of 60 kg/mc. Plywood strips underneath the shell for stapling the fabric.

External structure

Fully upholstered backrest and seat in one or two-colour fabric
Backrest with piping

1 - Armrests

Armrests integrated into the backrest

2 - Trunk

Polished chrome metal swivel with gas lift adjustment

3 - Legs

4 or 5 star base in polished and painted aluminium

4 - Castors

Self-braking painted chrome castors

SETTINGS

• Adjustable in height by gas lift. Seat height from 44 to 52 cm

INFORMATION

Reference	MIL_5ET
Length Depth	530 mm
Height Seat	580 mm
height	790 - 870 mm
	440 - 520 mm
Weight	15 Kg
Package volume	0,6 m ³

Dimensions in millimetres

PRODUCT CERTIFICATIONS

- WOOD COMPONENTS: FSC MIX - CARB ATCM 93120 Phase II - U.S. EPA TSCA Title VI
- STRENGTH, DURABILITY AND SAFETY TESTS of our products:
EN 16139:2013+AC2013, level 2.
- MECHANICAL STRENGTH TESTS of our moulded polyurethane: DIN EN ISO 1798 + UNI
EN ISO 8067 B + UNI EN ISO 3386-1
- CHEMICAL SUBSTANCES: EU 1907/2006, REACH- EU / 528/2012 no biocides,
absence of SVHC EU 65/2011 - EU 863/2015 ROHS - EC 1005/2009 absence of ODS substances, EC 850/2004
absence of organic pollutants.
- ISO 16000
- Fireproof foam

FINISHES

• 5-STAR BASE

ALUMINIUM POLISHED

Black

Chrome

• COATING

FABRIC

• CAT 1

[GABRIEL](#) - cura, chili, felicity, go check, go couture, rondo, step melange, tonal, bond
[ELASTRON](#) - paris, boston, macau, ascot, seattle
[FIDIVI](#) - torino, incas, orta, one

• CAT 2

[FIDIVI](#) - safari, terra, corte, matera, laser j
[GABRIEL](#) - contour, tempt, swing, crisp, mood, morph

MAINTENANCE

• FABRIC

To maintain the fabric, regularly remove dust and lint with a Hoover. If a stain occurs, wipe the fabric immediately with an absorbent, lint-free sponge or cloth. Rub the stain with a damp cloth soaked in ordinary household distilled water to prevent water spots from forming on dark fabrics after drying. Test a hidden area beforehand.

For stubborn stains: lightly brush the stains with a soft, dry brush.

- 5-STAR BASE

ALUMINIUM POLISHED

Black

• CAT 3

[GABRIEL](#) - breeze, fusion
[ROHI](#) - mica, sera, credo

• CAT 4

[RUBELLI](#) - fab, thirty, peru, dick tracy, martora, embroidery, coriandolo s, almoro
[KVADRAT](#) - uniform, blend

• LEATHER & IMITATION LEATHER

Do not place the leather in direct sunlight or extreme heat. Remove dust regularly with a soft cloth.

Clean using a cleaner or milk dedicated to the maintenance of leather and imitation leather. Proceed by stroking, without rubbing or pressing too hard.

Avoid contact with water or sharp objects. If liquid is spilled, wipe up immediately with a clean, dry cloth. NEVER use detergents, ammonia, oil or varnish. For Royal Nubuck Sorensen, avoid contact with liquids and creams

LEATHER

• TRENDY COLORS LEATHER

[JOLLY](#) - carmen

• LEATHER

[DANI](#) - Florida

• EXTRA LEATHER

[DANI](#) - nabuk
[SORENSEN](#) - royal nubuk, dunes

• METAL

Clean with a microfibre cloth soaked in neutral soap or neutral cleaners diluted in water. For varnished products, avoid cleaners containing alcohol, granular cleaners and solvents in general. For other finishes, the use of a specially formulated metal cleaner is recommended.

ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC & CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- REACH compliant foam cushioning for resource conservation, component separability and end-of-life recyclability of materials.
- The foam used is free of chlorofluorocarbons (CFCs) and hydrochlorofluorocarbons (HCFCs).
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard/Blue Angel certified depending on the choice of finish.

ENVIRONMENTAL STATEMENT

• Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

• Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluity for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the guarantees of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

• Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.
